

INSURANCE AND PAYMENT

Bridgeview Endoscopy accepts most major insurance plans, including Medicare and Medicaid. We will bill your primary insurance and secondary insurance carrier directly.

We strongly encourage you to contact your insurance provider before your appointment to verify coverage and costs. As a courtesy to our patients, Bridgeview Endoscopy may contact you regarding your out-of-pocket expense prior to your procedure.

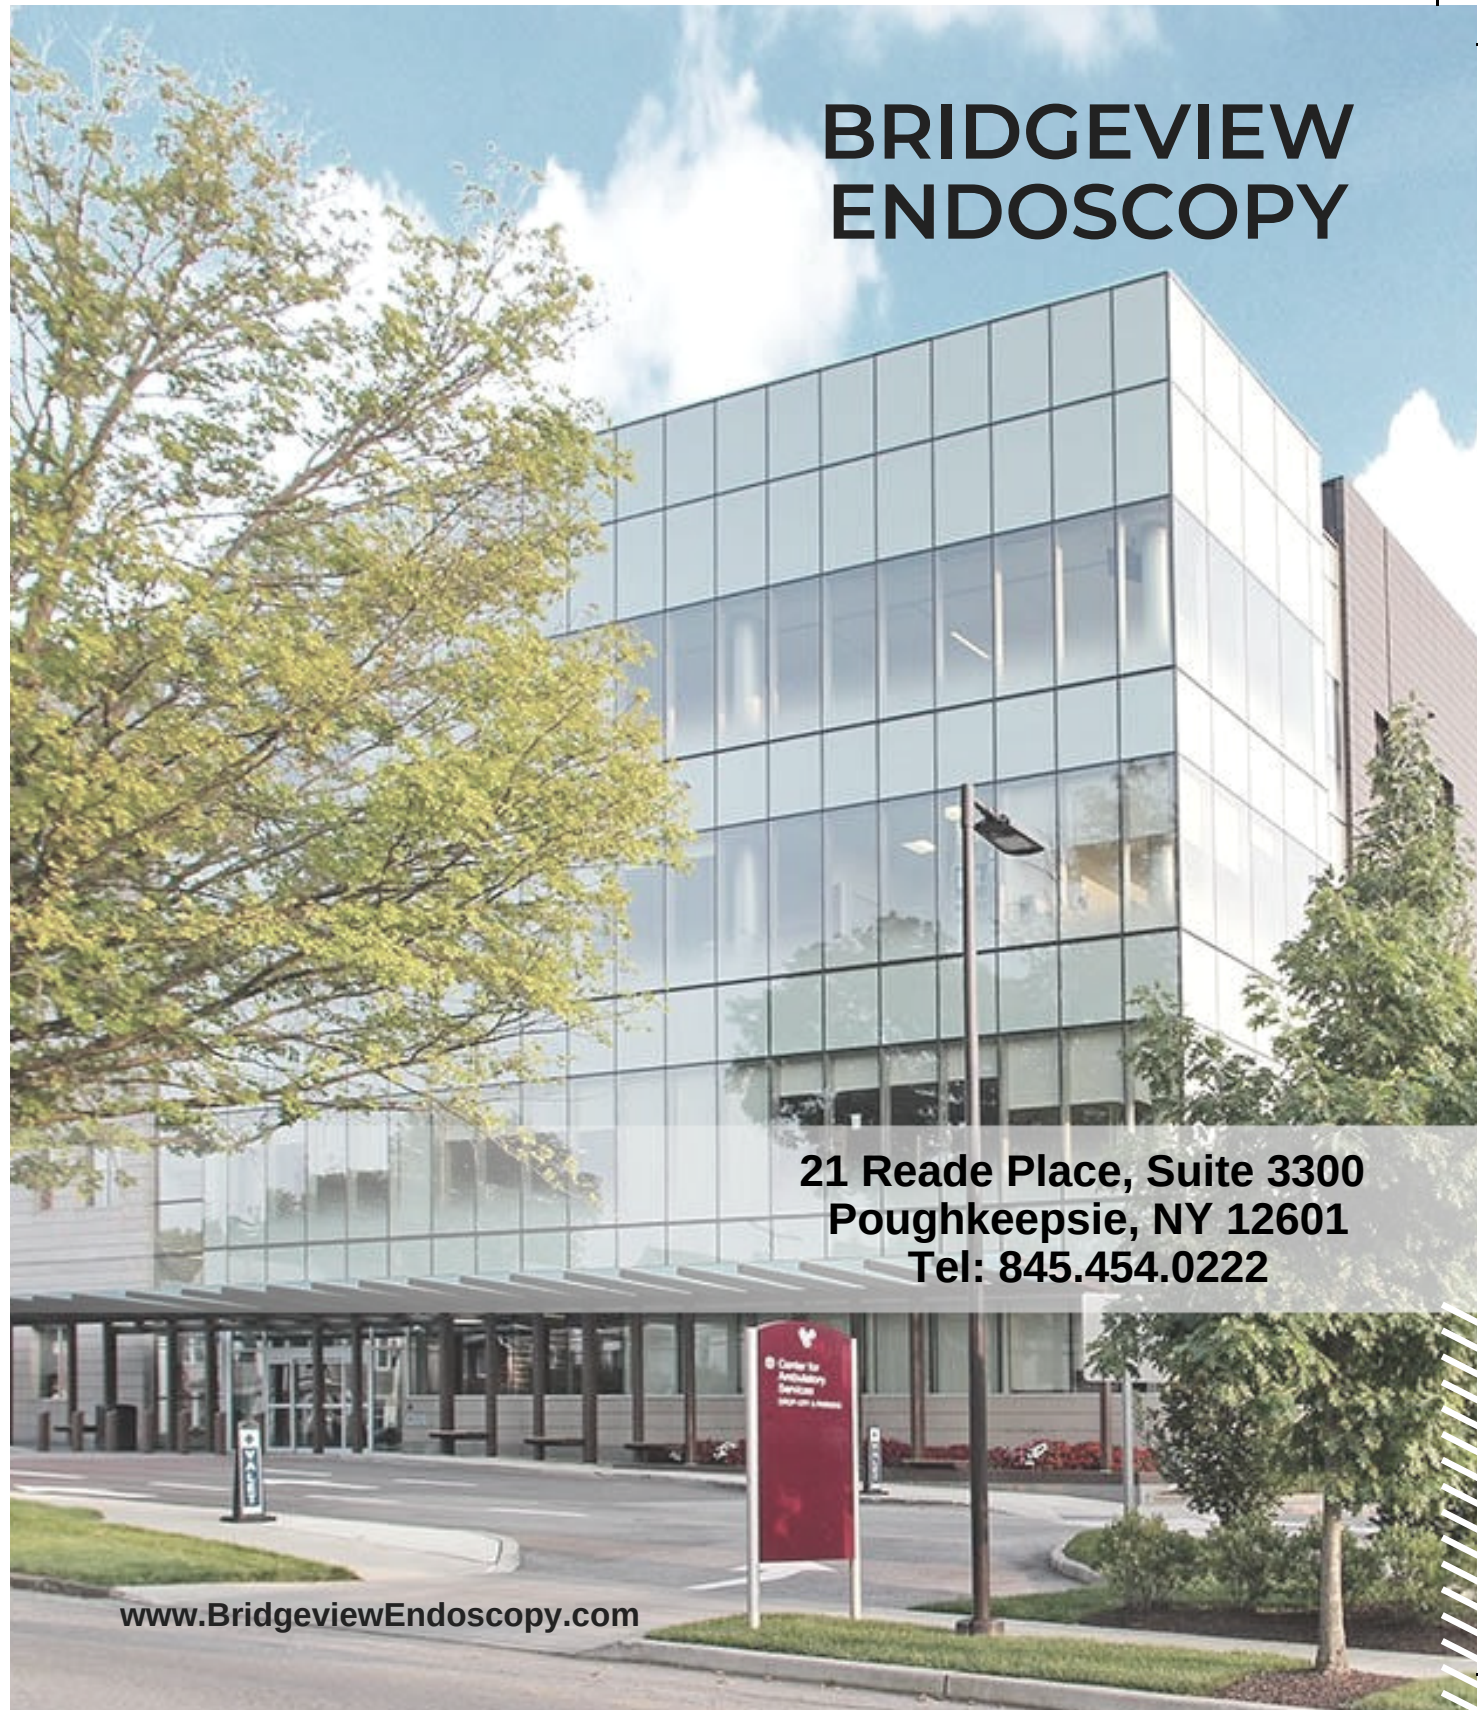

If your insurance policy includes a copayment, deductible, or facility fee for outpatient procedures, payment will be due at the time you check in.

For any billing questions, please call 845-451-7233.
